PLAN TO ATTEND

THE 14TH INTERNATIONAL SYMPOSIUM ON PEDIATRIC PAIN 2023

The International Symposium on Pediatric Pain 2023 (ISPP 2023) theme is **Better Together, Innovation Through Partnerships**. Under the direction of the Scientific Program Committee, led by Jennifer Rabbitts and Julia Wager, there will be rigorous science, real-life stories, and knowledge sharing to build capacity in the pediatric pain community. We hope to foster partnerships and innovation through joint learning of the best international research.

Attendees will learn from innovative leaders in pediatric pain science, clinical care, and those with lived experiences, through keynote plenary lectures, concurrent sessions, and workshops.

The theme for education day will be knowledge mobilization, taking knowledge outside the box. This will feature exciting new approaches to knowledge mobilization, leveraging partnerships, and creative engagement with diverse stakeholders to ensure research findings are put into practice and can benefit patients, their families, and the health professionals that care for them. The workshops will include tools, and strategies researchers and others can use to maximize their work.

ISPP 2023 will be co-hosted by the Center for Pediatric Pain Research, Solutions for Kids in Pain with the International Association for the Study of Pain (IASP) Pain in Childhood Special Interest Group and in partnership with Discover Halifax. The Congress will launch several new learning formats for 2023. Keep posted through our website at ISPP2023.ca

Chair: Jennifer Rabbitts (USA)

Co-Chair: Julia Wager (Germany)

VISIBILITY: Demonstrate your company's latest advances, product or service contribution in the field of pediatric pain and raise your company's visibility in the field

SUPPORT THAT FITS: Support, exhibit, and advertise in the way the best serves your overall objectives, via a variety of onsite and digital promotional opportunities

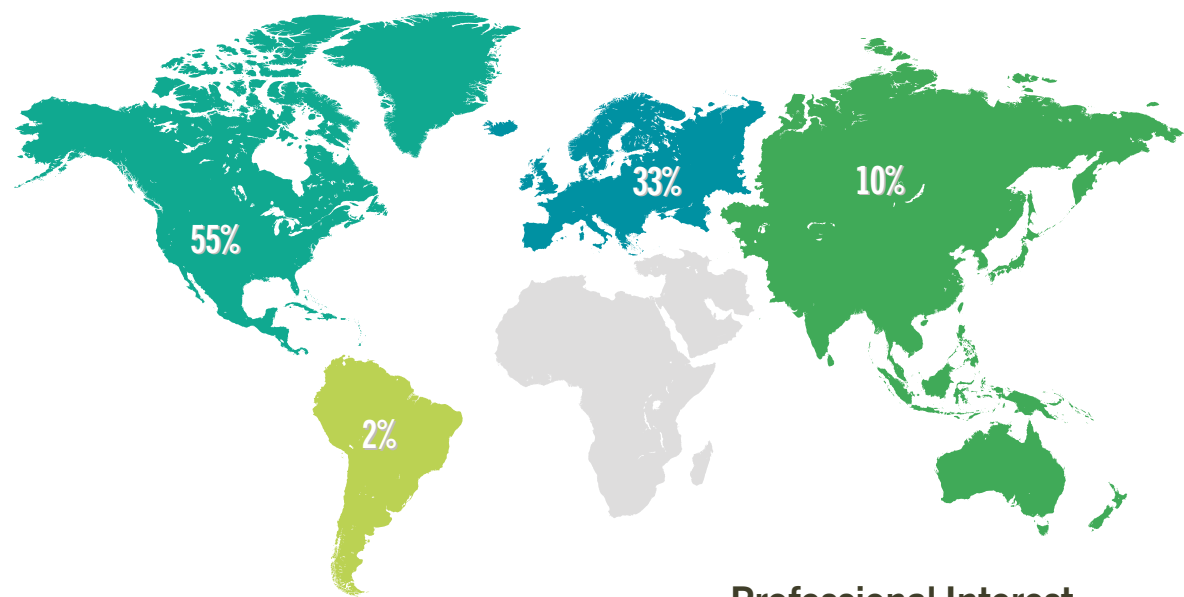

CREATE LEADS: Assemble and grow a valuable network of clinical and research colleagues active in the field of pediatric pain medicine

HELP EXPAND THE FIELD: Reach out to your professional healthcare network and ask them to engage by submitting their latest research as workshops and abstracts to advance the field

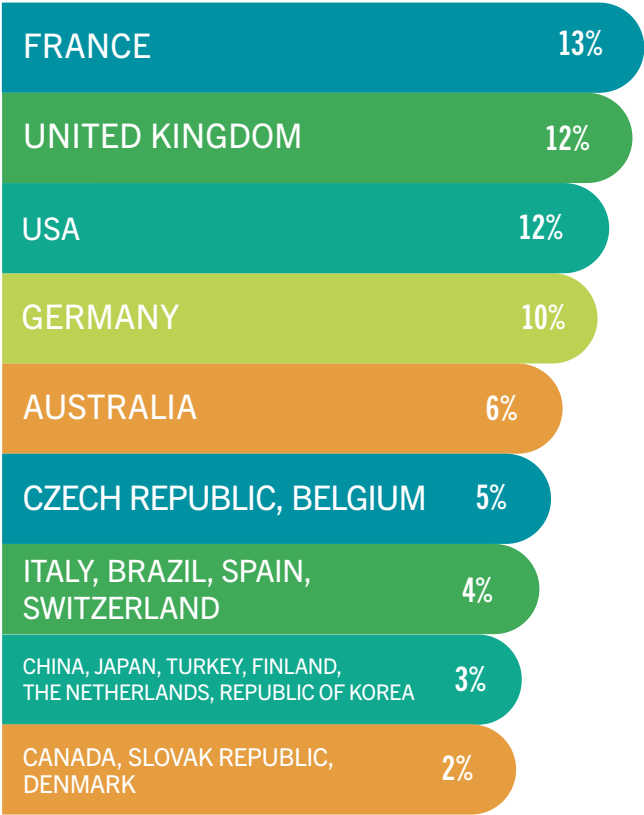

GET PRACTICAL: Get involved through support of practical workshops or supported symposium

STAY CONNECTED: Through the new IASP/ISPP interactive platform experience JOYN, that will allow communication prior to, during and beyond the congress with profiles of delegates in the app.

SUPPORT OUR OBJECTIVES & ADVANCE THE FIELD!

ISPP 2023 Objectives

- Review the latest basic science, clinical, and translational research regarding its applicability to current practice
- Describe research investigations that study the mechanisms underlying pediatric pain
- Discuss the assessment, prevention, and treatment of pediatric pain
- Demonstrate through practical training sessions the assessment and treatment of pediatric pain
- Identify programs that prevent the development of pediatric pain

Location & Venue - Halifax, Nova Scotia

Halifax, an Atlantic Ocean port in eastern Canada, is the provincial capital of Nova Scotia. A major business center, it's also known for its maritime history. The city's dominated by the hilltop Citadel, a star-shaped fort completed in the 1850s. Waterfront warehouses known as the Historic Properties recall Halifax's days as a trading hub for privateers, notably during the War of 1812.

INVITATION TO SPONSOR — ISPP 2023

ISPP 2023 is the premier international, interdisciplinary conference on pain in infants, children, and adolescents. It attracts a global audience of Pediatricians, Anesthetists, Clinicians, Researchers, Nurses, Psychologists, Physiotherapists, Occupational Therapists, as well as professionals and scholars from other disciplines, who gather to report on recent advances in research and to discuss new approaches to the treatment of acute & procedural pain including pain associated with disease, neuropathic pain, and chronic pain present in pediatric medicine.

Your financial support will not only give you access to the international pediatric pain community and other interested clinicians but also to the showcase of influential knowledge and vanguard research on pain in child health.

BENEFITS OF SPONSORSHIP

As part of a comprehensive and effective marketing plan, sponsorship can provide positive results, especially important in today's economic climate. Consider the benefits your organization can enjoy in supporting this conference:

- Exposure to an international audience who have interest in the management of pain.
- Opportunity to network with delegates.
- Opportunities to raise your company's profile amongst a qualified target audience.
- Recognition including acknowledgment and clear demonstration of your organization's involvement, commitment, and support.
- Valuable insights information and exposure to the latest developments in pain management.
- Inclusion in an integrated, professional marketing campaign.
- Ability to utilize your own marketing team to work with the Meeting Organizers to ensure your satisfaction with all the above.

SPONSORSHIP OPPORTUNITIES

Details of each sponsorship category and its entitlements follow. Please contact Sarah Wheeler, Director of Business Development at sarah.wheeler@iasp-pain.org if any of these opportunities fall outside of your requirements, but you still wish to support the conference. We wish to be flexible and may be able to negotiate an alternative that will better suit your needs. We are happy to work with your company to ensure that you get maximum appropriate benefits for your sponsorship investment.

All rates are outlined in US Dollars (US\$)

SUPPORTED SYMPOSIA OR EXPERT SESSION

Supporting a Symposium allows a company to organize a breakfast or lunchtime symposium on the topic of their choice for 60 minutes. The symposium must be suitable for an International medical professional's audience, have at least 2 speakers – preferably for different continents for a broader perspective and will be submitted to the IASP for approval. IASP has the right to request changes if necessary. Symposium slots can also be used to facilitate expert sessions or roundtables, for further information please contact sarah.wheeler@iasp-pain.org

MINI SYMPOSIA

Mini Associated Symposia are a new addition to the meeting. Companies are provided with a 15-minute slot to present in one of the session rooms. As lunch is provided to the congress with registration, this is a way for smaller companies to be able to present on a limited budget. Mini Symposia will only be available to companies who have an exhibit booth.

PRACTICAL WORKSHOPS

Companies who would like to be involved in practical workshops and can provide product support and technical teams to facilitate practical workshops are invited to contact Director of Global Business Development, Sarah Wheeler (sarah.wheeler@iasp-pain.org) expressing your topic areas of interest and product support potential. ISPP will also announce the lists of planned workshops later this year.
